

COLORS OF SPRING

Each season has its special colors. There are the oranges and reds of fall. There are the stark grays and whites of winter. What are the colors of spring? Let's go out and see!

Helpful Things to Take Along

- Crayons or colored markers
- Field guides to wildflowers, birds, trees, and so on.

Springtime brings buds, flowers, leaves, flitting birds, and many other colorful things. For each of the boxes below, find something outside that has a color that makes you think "spring." Draw it, color it, label it, and write the name of its main color or colors.

Name: _____
