

MY LITTLE CAMP

Imagine you are only as big as a mouse, or maybe even smaller. Here's how you can use materials you find outside to build a little campground for your tiny self.

Keep a Record!

Location _____ Weather _____

Helpful Things to Take Along

- Pencil or pen
- Scissors
- Rope

- 1 Find a small section of ground, maybe just 1 foot long by 1 foot wide.
- 2 Now sketch out your campground in the box below. Show a place for tents and campfires, a picnic area, hiking trails, and maybe a lake or river.

- 3 Gather sticks, bark, rocks and leaves, and other "building materials" from the ground.
- 4 Use the materials to make tiny tents, cabins, fire rings, picnic tables, trails, signs, and anything else you'd like to find in a campground. Place your items in your campground.
- 5 Give your campground a name:
