

# A PLACE THROUGH TIME

When spring comes, nature can change fast. Pick a place you like to go that's easy to visit often. Go there every few days, or at least once a week, through the spring. Take a new copy of this page each time. Look for things that are different from your last visit. Together, all of your pages will tell a story about this place as it changes through time.

## Keep a Record!

Date \_\_\_\_\_ Time \_\_\_\_\_

Location \_\_\_\_\_

Weather \_\_\_\_\_

## Helpful Things to Take Along:

- Field guides for trees, flowers, birds, or other things
- Camera and/or art supplies

What do you notice today? What is happening? What has changed recently?

Look for:

- Weather changing
- Buds swelling
- Leaves forming
- Flowers blooming
- Birds, insects, or other animals in action
