

## Bouncing Kangaroo

### Instructions:

1. Roll a piece of brown construction paper into a cone shape.
2. Trim the cone so that it is about 6" tall, with the opening at the bottom about 1" in diameter. The opening at the top should be about 5" in diameter.
3. Color and cut out the kangaroo drawing.
4. Tape 3 craft sticks together to make a stick that is about 12" long.
5. Tape the kangaroo to the top of the stick.
6. Put the stick inside the cone.
7. Move the stick up and down to make the kangaroo bounce.
