

## MEET THE CONIFERS

Conifers are trees with cones. There are many kinds, and they grow almost everywhere. Why not see which ones grow near you.

Keep a Record!		Helpful Things to Take Along
Date Location	Time Weather	☐ Field guide to trees ☐ Crayons or markers ☐ Magnifying glass
observations you like—eit	s about them below. Draw e	ers you'd like to meet, and record your each tree in one of the boxes. Give it a name if he you make up. Then write down some of the trees.
