**IN A MINUTE**
Lots can happen in just one minute's time. Pick two places in nature, set a timer, and see what unfolds before the minute is up!

**Keep a Record!**

**Helpful Things to Take Along**

- Stopwatch
- Magnifying glass or binoculars

Choose a place in nature and set a stopwatch for one minute. Write down everything that happens in that minute. (What do you see, hear, smell, or feel?) Then do the same thing in another place. Is there more or less action? Are any of the same things happening in both places?

**PLACES TO TRY**

- City park
- Pond or Lake
- Seashore
- Forest
- Meadow
- Under a rock or log (optional: use a magnifying glass)
- Up in a tree (optional: use binoculars)
